INTRODUCTION

The Candelori's wine list has been designed to offer our guests an exciting experience beginning with the cocktails, through to the wines, before concluding with the digestive liqueurs.

To complement our Lazio and Abruzzo heritage, we have given special focus to the central and mid-north regions of Italy, which offer a wonderful array of indigenous grape varieties that are perfectly suited to our rustic, flavoursome cuisine.

Regional classics such as Montepulciano, Valpolicella & Brunello are not only receiving international recognition, their overall quality has increased thanks to modern viticultural and wine-making techniques.

We also feature Australian wineries that specialise in Italian varietals as well as a broad range of traditional regional styles for which Australia is well-renowned.

Finally, the list is complemented by a selection of aged wines, both local and Italian, which has allowed us to offer styles that are known to develop well over time as they were intended to be consumed.

All of our wines are listed together according to region and varietal, however please feel free to ask a member of our team if you require some assistance.

Salute!
