

INTRODUCTION

The Candelori's wine list has been designed to offer our guests an exciting experience beginning with the cocktails, through to the wines, before concluding with the digestive liqueurs.

We have focused on Italian wines and varietals to keep that connection with our Italian roots. Also to showcase how elegant Italian wine matches perfectly with our rustic flavoursome cuisine.

To pay homage to our ancestors from Central Italy, we have a vast selection of wines from Abruzzo and the surrounding regions, to give you the full experience of the wines they used to drink them selves.

We have gone through extensive research to give a selection of Australian wines, that are family run and owned like us, elegant and flavoursome to match our food like the Italians.

Our team has spent extended time doing masterclasses and dinners with some of the biggest names in the wine world, so we can really pinpoint what makes the wine so special and match it with our customers.

Finally, we have extended our reach in wine to some international regions to compliment the families that would drink wines for family gatherings.
Salute!

"Wine is just one element of the day – a wine's specialness is more about the moment than the name on the label"
